

## THE WORLD OVER

BEEET WEB WORMS INVAD  
EAST ALBERTA AREA

Invasion of a wide triangle of territory from the Saskatchewan border west to Youngstown by a solid phalanx of "army" worms was reported last week at Youngstown. Known technically as "beet web worms" this crawling mass of insects is destroying gardens, thistles and pig weed crops, and the damage is extensive. They are hard to destroy and as one woman reported, "when they were real bad you couldn't tell the color of the house paint. It was just black with a crawling mass of worms."

### JOE LOUIS DEFENDS TITLE

Joe Louis successfully defended his title of heavy weight boxing champion of the world on Monday night at New York, when he fought Tommy Farr to a 15-round decision before a crowd of 40,000 fans. While Louis won the fight on points, he was up against stiff competition and at no time was there any danger of the "fomble" knocking out his opponent.

The judges decision gave Louis 8 rounds, and Farr, 5, with two rounds being declared a draw.

### FROST DAMAGES GARDENS

Light frost for a couple of nights last week did some damage to local gardens, although we are told that the loss so far is slight and only touched some of the more sensitive plants. Other parts of the valley report no damage from frost at all. There was no sufficient frost to harm grain.

### SOCIAL CREDIT MEETING PASSES RESOLUTIONS IN SUPPORT OF GOVT

Meeting Attended by Close to Three Hundred People

Close to three hundred people attended the Social Credit meeting in the Farmers' Exchange hall, Carbon, on Tuesday night, August 31st, when four different speakers took their turn at advising the people on questions of the day. The speakers were: E. P. Foster, M.L.A. for Didsbury; C. E. Johnston, M.P. for Bow River; I. McCine, M.L.A. for Glenora; and R. E. Atkinson, M.L.A. for Leduc.

Mr. W. A. Braithwaite of Carbon acted as chairman of the meeting. While questions of present day interest were discussed, perhaps the most important part of the meeting from point of view of Carbon Social Creditors was the passing of two resolutions. The first was addressed to Premier Aberhart, expressing the appreciation of his struggle to free the people from economic bondage.

The second resolution was addressed to R. Hon. Mackenzie King, condemning him for his action in disallowing recent bank legislation passed by the Alberta Legislature.

Dick Poole left on Friday via bus for Nanaimo, B.C., where he will join his brother, Bob.

## ANNUAL TENNIS CLUB TOURNAMENT PLAYED HERE ON AUGUST 29

To Play Doubles Events in Carbon  
On September 12th

The Carbon Lawn Tennis Club commenced their annual Club tournament on August 29th, the events being: Men's championship singles; Women's championship singles; Men's secondary singles; and Women's secondary singles.

New Club Champions were crowned in both the Men's and Women's events. A. Birch defeated last year's champion, N.E. Nash in the final of the men's championship, and Miss Annie Lemay won the Women's final from Miss J. Skerry.

Francis Poxon won the Men's secondary, and Miss Mabel Nash the Women's secondary.

The Men's Doubles, Women's Doubles and Mixed Doubles will be played on September 12th.

The following are the results and scores:

Men's Championship Singles  
Quarter Final—P. Poxon defeated R. Appleyard, 6-2, 6-2. A. Birch defeated H. Wise, 6-0, 6-5. N.E. Nash defeated C. Poxon, 6-1, 5-6, 6-0. W. Skerry defeated C.H. Smith, 5-6, 6-0, 6-3.

Semi-Final—A. Birch defeated P. Poxon, 6-4, 3-6, 6-2. N.E. Nash defeated W. Skerry, 6-2, 6-1.

Final—A. Birch defeated N.E. Nash, 6-1, 6-0.

Women's Championship Singles  
Quarter Final—Miss A. Lemay defeated Miss B. McQuade, 6-2, 6-2. Miss C. H. Smith defeated Miss J. Mathers, 6-2, 4-6, 6-3. Miss J. Skerry defeated Miss N. Walker, 6-2, 6-1. Miss M. Nash retired a bye.

Semi-Final—Miss A. Lemay defeated Mrs. C.H. Smith, 6-4, 6-1. Miss J. Skerry defeated Miss M. Nash, 6-2, 6-0.

Final—Miss A. Lemay defeated Miss J. Skerry, 6-0, 6-1.

Men's Secondary Singles  
H. Wise defeated R. Appleyard, 6-0, 6-5. F. Poxon won from W. Skerry by default. The other competitors retired a bye.

Semi-Final—H. Wise defeated C. Poxon, 6-3, 6-5. F. Poxon defeated C. H. Smith, 6-1, 6-1.

Final—F. Poxon defeated H. Wise, 6-3, 6-3.

Women's Secondary Singles  
Semi-Final—Miss M. Nash defeated Miss B. McQuade, 2-6, 6-3, 6-5. Miss N. Walker defeated Miss H. Mathers, 6-4, 6-4.

Final—Miss M. Nash defeated Miss N. Walker, 6-2, 6-4.

J. M. Macdonald returned Sunday evening from a coast of north visit with his folks at the Pacific coast, and has resumed his duties as teacher of Room III of the Carbon school.

### CHAS. SMITH'S MODEL "T" DAMAGED IN ACCIDENT

What might have proved a serious accident occurred on the highway Sunday night about eleven o'clock when Chas. Smith and party were returning from a trip to Wayne and East Coulee. About a mile from the Kirby school Mr. Smith's car collided with another vehicle, owing to poor visibility caused by glowing lights. The Smith car was turned over in the impact and was badly damaged, but fortunately the occupants of the car, Mr. and Mrs. Smith, Mrs. J.C. Ross, Miss Alice and Clarence, escaped without serious injury.

### HARVEST PROCEEDING IN ALL PARTS OF PROVINCE

Where hail missed, cutting of wheat in the Carbon district is proceeding rapidly and will soon be completed in the immediate district, with the exception of some fields which are later and will be straight combined.

A check-up of the yields at the present time is not possible owing to the few returns made to date, although it is said that the crop in the southern part of the district is running from 15 to twenty bushels to the acre, with grades high.

Cutline General in Province

Where cutline is now in full swing throughout Alberta. Heavy dews and showers have caused frequent delays and grain is ripening slowly, according to a report from the head office of the Alberta Wheat Pool.

Approximately 40 per cent of the wheat has been cut compared to 77 per cent at this time last year. Considerable progress has been made in combining in the south-east corner of the province, with about 90 per cent of the wheat already threshed, but in other sections the grain has been matured sufficiently to permit a few localities in the south there has been no threshing done.

Wheat growers to have road vehicles but in many districts tractors are affected by a workable of immediate repairs due to second growth and grain.

There has been slight frost damage in the foothills territory in the southern part of the province and west of Calgary. Loss and some of the Peace River district. A few localities report some serious damage.

C. H. NASH OUTLINES HAIL INSURANCE SCHEME

Mr. C.H. Nash has submitted the following hail insurance scheme for the benefit of any who may be interested.

Without fail every year some districts of Alberta get disastrous hail storms from 1 1/2 to 4 per cent of total crop is killed. They can go anywhere, miles several years or visit the same places two, three, or four years in succession. Why not have a farmers' Hail Protective Association? A secretary is appointed with headquarters and office in Carbon, Alta. Any farmer wishing insurance pays 25 cents per acre of crop to be insured, which must be received before June 15th in each year. No raising in when hauled double super, no reserving to pay after being killed.

Say out of 12 million acres of Alberta, say fifty per cent insured, or six million acres, \$1,500,000 comes to be deposited in the Bank of Montreal at Carbon. One farmer in each township is appointed adjuster. It is paid \$3.00 per year, hail or no hail. Year after year he will do nothing, unless one in a while he will be called upon to adjust his township. In case of non payment, simply arbitrate and that is final. Disappointed farmers do not have to join another year (positively no compulsion).

Legislation would be passed providing a five-year imprisonment for any deliberate crooked work (that should be easily legislated these days). On November 15 in each year Mr. Secretary, and possibly a staff of one or two, mails cheque to each farmer killed, exactly his share, no reserving to be built up, paying out practically every cent. Probably there would be a few difficulties in the way of this scheme but they could be overcome. 200 acres of crop would cost \$30. This is sometimes hard to dig up, but for the price one would have a lot of mind all summer long. Safety first!

### HIGHLIGHTS ON ROYAL COMM- INVESTIGATING ROAD CONSTRUCTION

EDMONTON, August 31.—Remarks made by the government and its key employees in construction and administration of Alberta highways were disclosed last week in Edmonton during the first week's sittings of the royal commission investigating road work in the province.

The Premier and Mr. Fallow it was noted by Mr. Justice H.W. Lamer, is continuing and expected to conclude this week. It has special reference to construction of the Edmonton-Watkins and Edmonton-Jasper highways last year.

That that the provinces forfeited \$162,000 of a federal highway-building grant last year because Premier William Aberhart and Public Works Minister W.A. Fallow did not inform their subordinates of the terms of the federal-provincial agreement until four months of the construction was on had passed, was the highlight of the evidence during the past week.

The Premier and Mr. Fallow it was testified, had been informed of the new agreement early in the year—the agreement by which 50 per cent of the men employed on road construction were to be recruited from among relief recipients. The Dominion was not satisfied with the decision to be extended, dollar for dollar with the provincial expenditures, on highways, but that that intention of relief employment was maintained.

Construction work was started in April, but it was the end of July before the department or the road construction work was learned about the recruitment of 50 per cent relief labor.

When they finally did hear about it, they learned it only from Ottawa directly rather than from their superiors in the government.

By that time much of the construction work had been completed with the fulfillment of the terms of the Ottawa agreement regarding relief labor. When the province claimed its grant for these sections of road, the provincial officials could write in no "figures not available" in the sense of a certificate, assuring Ottawa that 50 per cent of the work had been taken from relief lists. The Dominion finally began to demand figures.

Ottawa compromised by agreeing that the full grant would be paid if the highway program during the season were shown to have been taken from relief lists. The provincial government tried to find the work done with men who had been on relief. Tried changing crews completely every two weeks—every week in some cases—as to get as many of the recipients as possible into the payroll records.

But the start was too late. By the end of the season only 25 per cent of the men who had been employed complied within the terms of the provincial-provincial agreement. Instead of the 50 per cent required and instead of the 100 per cent which the province was entitled to have having advanced to the Ottawa conference before the season opened.

Instead of handling over \$400,000 to the province the Dominion withheld \$162,000 of it. And many men on relief for whom the Dominion had no employment had gone without work.

### GHOST PINE SOFTBALL TEAM WINS PROVINCIAL TITLE FROM COLEMAN

The Ghost Pine Creek softball team defeated Coleman 3-1 in a final game in the men's intermediate softball final for provincial title at Three Hills last Friday. Batters were Link and Landis for Coleman; Currie and Popovich for Ghost Pine Creek.

Ghost Pine scored two runs in each of the second, third, fifth and seventh innings, their runs as a result of nine hits and five opposition errors. One Coleman run was the result of two errors in the fourth inning.

Carbon and district schools re-opened on Wednesday for the fall term.

### BRIDE-LEAVE HONORED

MRS. MAUDE RAMSAY, bride-elect, was honored at a miscellaneous shower on Tuesday evening at the home of Miss Caroline Wright, Mrs. C. H. Smith won the prize for the poetry contest. During the evening all present signed an autograph album, which was presented to the guest of honor.

### VALLEY-WIDE COAL STRIKE THREATENS

DRUMHELLER—Unless some settlement of the mine strikers in the Drumheller Valley is made within the next five days a general strike over the entire district will be called. This decision was made by representatives of 22 locals of the United Mine Workers of America at a meeting in Drumheller Monday night. It was revealed that the strikers in the valley are practically 100 per cent behind the strikes at the Western Gem Mine and the Excelsior mine.

### May Strike at Carbon

With the announcement of the valley-wide mine strike that promises to extend across the north-western strikes in the Carbon field, as local workers are affiliated with the union. If such a strike should come about it would be no wonder why the miners here for they would only get that much more work. Being idle all summer, we do not believe that local miners are sympathetic with their fellow workers.

### WEEKLY COMMENT ON THE WORLD OF WHEAT- BY H. G. L. STRANGE

"De mal har, he lak' de woman. To get her best result must honour her. 'Beside, de feller wat drink de beer be plaine particulaire. So farmer dat grow de mal har, must be plaine particulaire also."

This was the sage advice given to me by Philippe, one of the best hired men who ever came out of Quebec. Philippe's father was "moss" smart man for grow mal har.

Philippe helped us to win many a dollar for malting premiums. Here is his advice, much in his own words: "1. 'Mal' use O.A.C. vint of untasted twenty-one you know."

"2. 'Nevalre cut crop till she ripe. Green kernel must de poor mal."

"3. 'To kip nice colour, it good night-cut on stock for kip days de dew and rain, den thresh de caps de separate for feed."

"4. 'Mus' try kip one-eight, maybe one-quarter inch awn on barley. Nevalre skin de kernel. To de 'la' mus' run thresh' machine more slow 'dan for de wheat. Den tak' out mus' all concave. Maybe if barley too dry use wood concave same as for thresh de spaw. Separator man sell de wood concave 'mos' marhe."

"5. 'If kernel still skin, den feed de bundles batt first into thresh' machine."

Mr. R. R. Thornburn left Thursday to spend a few days visiting at the Sember home near Hesketh.

Clarence Hay spent Friday in town visiting with his family, and left the same evening for East Coulee.

### BEACH ENAMELLED-FINISH RANGES

THE BEACH GLOWWORM—A distinctly modern all-steel range. All hinges and bolts carefully polished in delicate color shades. French top design. Truly a beautiful range. Price delivered—

### CARBON SCHOOL FAIR TO BE HELD TUESDAY NEXT SEPTEMBER 7

Exhibits of School Work Should Be in on or Before Sept. 6th

The Carbon and district school fair will be held in Carbon next Tuesday, September 7th, and already many of the pupils in the local and district schools are preparing their exhibits. The prize list is in the hands of the teachers of the schools belonging to the Association and pupils should apply to their teacher for any information they may desire.

Besides the prizes offered by the School Fair Association for the 112 classes listed in the School Fair Bulletin, there are six special prizes donated by commercial houses.

The I.O.D.E. Shield, which has been in competition for a number of years is again offered in connection with the fair.

All exhibits must be in place not later than 10:45 a.m., September 7th. Exhibits of school work must be sent in not later than September 6th.

The following programme of events will be carried out on fair day:

11:00 a.m. Parade.  
11:30 a.m. Inside Judging Starts.  
11:30 a.m. Outside Judging Starts.  
1:00 p.m. Outside Judging Starts.  
1:30 p.m. Outside Judging Starts.  
3:30 p.m. Exhibits open for inspection.

1:00 p.m. Judges' Remarks.  
5:00 p.m. Exhibits may be removed.

Perry Johnson was a Calgary visitor on Monday of this week.

Mr. and Mrs. C. B. Downey were Calgary visitors last Thursday and Friday.

### MASS MEETING SEPTEMBER 8 TO PROTEST ACTIONS OF PROVINCIAL GOVERNMENT

To express public disapproval of the actions of the Aberhart government and the activities of its members, a mass meeting will be held at the People's League of Alberta for Wednesday evening, September 8, at 8 o'clock in Victoria Pavilion. Calgary Mayor Andrew Paterson will occupy the chair and speakers will include L. A. Cavanagh, president of the Trades and Labor Council; D.M. Duncan, the provincial Conservative leader; E.L. Gray, provincial Liberal leader; and possibly Herbert Gardiner, president of the United Farmers of Alberta. The meeting will be broadcast over CPN, Calgary.

## BOY SCOUT NEWS NOTES

BY THE S. M.

Bois Thorburn was a Calgary vis-  
itor last Thursday and returned on  
Friday.Rev. and Mrs. Wm. McNichol of  
Calgary were Carbon visitors Wed-  
nesday.As we go to press on Wednesday  
morning we learn that Percy Ed-  
wards was in a car accident near Vul-  
can. Particulars are lacking.Mr. and Mrs. Bruce Ramsay and  
young son returned Thursday last  
from a visit to Calgary.FOR SALE—Baby bed and mat-  
tress. Apply Mrs. E.J. Rouleau.KNOW THYSELF  
(By Rev. W.H. McDONNELL)Fear beats so many folk in the  
games of life. Fear is an irrational  
and emotional set-up over which the  
mind has little power and authority.  
Our next great achievement must be  
the conquest of fear in modern life.  
Fear is the feeling that one is to be  
found out, in various ways, to be un-  
equal to what must be done. Have you  
never stayed in bed because you were  
dis-organized, lacked a sense of unity,  
purpose or coherence and secretly  
dreaded the day and its weight of  
responsibility?The worst type of fear is allied  
with some sense of guilt or chagrin.  
Fear is completely negative. It tears  
down our creative energy. It causes  
us to shrink in upon ourselves. Our  
mental hospitals are filled with peo-  
ple whom fear has conquered.Now I want to draw two lessons.  
In the first place there is a valid dis-  
tinction to be made between "fear"  
and "fank." The fear of the Lord is  
the beginning of wisdom. Fear makes  
the surgeon skilful in the use of his  
knife. He is fearful and therefore  
clever. On the other hand "fank" is  
akin to fear but it produces not skill  
but terror, uncertainty, hanging and  
defeat. Let a person be in a "fank"  
He is afraid. He is liked.The other lesson has to do with  
children. A child learns happiness by  
acquiescing in things as they are ar-  
ranged. Facts and opinions are pres-  
ent in his world. The opinions of his  
elders harden into conventions that  
emmesh him. He presently accepts  
conventions for facts. Later in adult-  
hood is the ever present fear of going  
against conventions. Perhaps he is  
shy, not knowing so, of new ideas.  
In other words he has not been trained  
from his youth up to think for  
himself. The cause of his secret fear  
of giving offence is to be discovered  
in the guilt feeling which education  
in its many-sided forms has attached  
to deviations from standard proce-  
dures and ideas. Such a development  
leads to that type of citizen who  
would stamp out all independence,  
freedom and liberty of expression.  
Fitzmaurice Stephens declares: "That  
originality does not consist in think-  
ing differently from other people but  
in thinking for oneself." But how can  
one who is afraid think? There is a  
"Mr. Milquetoast" hidden away in  
too many of us. Let us see clear  
through the propaganda of our day  
and not be ensnared and robbed of  
liberty.Let us reverence and not fear man  
and his funny ways!  
S. Basil King "Conquest of Fear"  
is good reading.It has been decided to re-open the  
membership of the Carbon Troop of  
Boy Scouts as and from September 11  
next. Any boys who have passed the  
age of eleven are eligible for mem-  
bership—the maximum age being 17.We are very sorry to be losing  
Scout Frank Lieber, otherwise known  
as "Gollywog," who is going to Drum-  
heller to live. He has been a valued  
member of the Troop, and has made  
excellent progress with the type of  
work Scouts have to do. Always  
cheerful, quiet and willing, he proved  
himself to be a worthwhile com-  
panion. Good Luck, Frank.I received a letter from Joe Taylor  
on Monday last, in which he states  
that although he has to work for a  
change, he enjoys it! Apparently  
with erecting log buildings and  
haying he has not had an opportunity  
of "giving a hand" to talk of. Well,  
goodluck to him and "Salesman Clif-  
ford".

## CANADA YEAR BOOK READY

More than 1,100 pages of thor-  
oughly up-to-date information about the  
Dominion of Canada, is contained in the  
1937 issue of the Canada Year  
Book, which has just been announced  
by the Dominion Bureau of Statistics.  
The book is described as "the official  
statistical annual of the country, and  
contains an account of the natural  
resources of the Dominion and their  
development, the history of the coun-  
try, its institutions, its demography,  
the different branches of production,  
trade, finance, transportation, educa-  
tion—in brief, a comprehensive study  
within the limits of a single volume  
of the social and economic conditions  
of the Dominion."The new edition has been thor-  
oughly revised throughout, and included  
in all its chapters the latest infor-  
mation available. It includes late fi-  
nancial facts, concerning taxation sys-  
tem of the Dominion government, sub-  
sidies and loans to provinces, opera-  
tion of the Bank of Canada, as well  
as statistics resulting from the recent  
census.Persons requiring the Year Book  
may obtain it from the King's Printer  
Ottawa, as long as the supply lasts,  
at a price which covers the cost of  
paper, printing and binding. By spe-  
cial concession, a limited number of  
paper-bound copies have been set  
aside for ministers of religion, stu-  
dents, and school teachers at a reduced  
price.

## FOR MORE THAN THIRTY YEARS

For more than thirty years this farmers' company  
has been giving satisfaction to western farmers in hand-  
ling their grain. During that time it has also been of  
great assistance in improving conditions under which  
farmers do business.

THE PURPOSE OF  
POOL ELEVATORSThe major function of the Alberta Wheat Pool elevators is to  
give support to the natural aspirations of Alberta farm people for  
more secure, comfortable and happier farm homes.Every Pool elevator may be said to be a sentinel guarding the  
marketing interests of the grain producers in that locality. It also  
serves as a link connecting all parts of a great democratic move-  
ment, working on behalf of the men and women engaged in Can-  
ada's basic industry.Every grain grower can aid himself and the entire agricultural  
industry by hauling his grain to a Pool elevator.By so doing, a useful and serviceable farmer-owned organiza-  
tion is strengthened; the non-profit co-operative movement is ad-  
vanced; and a greater degree of unity is attained among the grain  
growing farmers.
